Entry Rules

1. Anyone, IES member or nonmember, may enter a project for an award. However, the lighting and controls designs of current members of the IES Illumination Awards Committee, IES Board of Directors and employees of the Society are not eligible until their term of office or IES Employment expires.

2. The installation must have been completed during the 24 months preceding the January program date listed. Anyone excluded due to Entry Rule #1 may submit a project when their term expires.

3. Projects may be entered only once through the submitters IES section. The nominator must check with all parties to eliminate duplicate entries. All entries previously judged will be rejected.

4. Different areas of the same project may be submitted as separate lighting or controls project entries. Each of these entries must have its own distinguishable title and additional entry fee. Each of these entries will be judged separately.

5. The nominator must inform the owner and all others involved or associated in the project design of participation in the program and that the entry may be published in LD+A. The owner’s name and location may be withheld for privacy reasons.

6. Fill Light is prohibited. Images modified or digitally enhanced are prohibited. Multiple exposures in a single image are prohibited. Composite and multiple images are prohibited.

7. No mention or identifiable illustration of a specific lighting or controls brand, lighting or controls product name, design firm, or designer may appear as any part of the images or narrative. Projects showing this information will be rejected.

8. Projects will be judged based on the criteria listed in the Illumination Awards Score Sheet.

9. All entry materials, including photos, video, and narratives, may be used by LD+A (the magazine of the IES) or IES, in the context of promoting LD+A or reporting on the Illuminations Awards program, without charge to the Society.
